RAISE CENTRE OF EXCELLENCE

The Raise Centre of Excellence is an epitome of quality where best practices are developed based on expertise and data gathered from a company's experience as well as real-time feedback from the placement cell. These practices eventually become ingrained in the college's culture, enabling it to develop industry-ready professionals who adhere to the company's expectations.

As global competition intensifies, industries become more competitive, and the supply chain needs to instill these improvements in students in order to provide the groundwork for a stable foundation and a sophisticated profession.

The objective of Centre of Excellence training is to provide a fundamental understanding of the subject. It is concerned with the acquisition of fundamental knowledge upon which more sophisticated learning is built. While traditional teaching approaches, particularly lectures and training, are highly effective at "delivering" this type of knowledge, simply having it available does not guarantee that students will comprehend it. The CoE's unique methodology and style of classroom instruction offers this potential.

RATHINAM CLUB ACTIVITIES

Rathinam's Clubs provide students with an array of activities to get involved in beyond their academic studies. These clubs can offer students opportunities to engage in sports, such as intramural teams or fitness groups, as well as artistic and cultural organizations that focus on music, theater, or literature.

Participating in club activities can help students develop new skills and interests, make new friends, and expand their social network. Many clubs also provide leadership opportunities and the chance to develop organizational and communication skills through the planning and execution of events, such as fundraisers or community service initiatives.

Some popular club activities include volunteering in the local community, participating in charity events, organizing cultural festivals or competitions, and attending guest lectures or workshops. These activities not only provide students with a break from their academic work, but also allow them to explore new interests and experiences outside of the classroom. Overall, college clubs can enhance the student experience and provide opportunities for personal growth and development

TRANSPORT FACILITY

Private & Govt. transportation facility is available in and around the city for students which makes the transport easy. In addition to this, our college provides a fleet of 41 college cabs with GPRS tracking to Udumalpet, Anamalai, Tirupur, Pollachi, Kottur, Negamam, Vadachittur, Kinathukadavu, Vadavalli, Thondamuthur, RS Puram, Gandhipuram, Saravanampatti, Periyanaikkanpalayam, Thudiyalur, Kavundampalayam, Peelamedu, Alandurai, Sulur, Palladam, Podanur, Kollengode, Vadakkanchery, Palakkad, and other outer areas of Coimbatore. HOSTEL FACILITY

Rathinam Institutions take pride to mention that Rathinam Hostels are managed by a well experienced professional hostel operator. It is known for its management capabilities in co-living spaces across South India. Rathinam hostels provide "Top Class" infrastructure facilities and a secured environment for the students. It also provides "Mobile App" through which a student can give feedback and address all the grievances and maintain the list of absentees. Biometrics is also installed to monitor and restrict unwanted movement of the students. The boarding facility at Rathinam is more like a home. Multiple hostels with wash centers and 24*7 security assure a safe and sound living. Campus has huge security installations involving more than 100 CCTV Cameras. Hostels are under complete surveillance; automatic boom barriers are there at the main gate and a dedicated team of professional security officers and personnel are deputed in all campus locations. Another facility we have within our campus is the high speed internet across the campus. 24*7 Wi-Fi facility is available for the students and faculty members to avail internet connection at any place within the college and the hostel. A separate 100 KVA generator is available to ensure uninterrupted power supply to the hostel and mess. There are 5 hostels, of which 3 girls hostels and 2 boys hostels. Each hostel wing has a prayer hall, TV hall, Gym, Store and Indoor Games Center for recreation.

PLACEMENT HIGHLIGHTS

OBJECTIVE

The pursuit of excellence lies at the heart of our academic philosophy. To achieve this, we prioritize the placement of our students by offering a comprehensive first-semester curriculum that includes aptitude and soft skills training. We believe that these skills are crucial to personal and professional success, and we strive to impart them to our students at the earliest opportunity.

In order to foster creativity, strategic thinking, and critical analysis, we have integrated design thinking and innovation into every semester's coursework. Our students are exposed to a range of cutting-edge concepts and practices, which help them develop the skills necessary to thrive in today's fast-paced, dynamic world.

Starting from the third semester, we follow a unique Centre of Excellence training model, which provides our students with core and code training. We believe that a peer-learning environment is essential for the holistic development of our students. As such, we encourage interactive and collaborative learning sessions, where our students can learn from and support one another.

In the third year of study, we categorize our students into different batches based on their areas of expertise. We then provide them with specialized, in-depth training that includes day sessions, evening clarification sessions, and even night sessions. Our curriculum is designed to meet the specific needs of companies and corporations, so our students are fully equipped to hit the ground running once they enter the workforce.

We are proud to report that our intensive training program has yielded excellent results. Last year, our students achieved an average salary of 4.5-5.5 LPA, with the highest salary package reaching an impressive 14 LPA. We are confident that those who opt for our placement services will be placed with 100% success, thanks to our rigorous and comprehensive training programs.

**K. Palaniyappa Memorial
Educational Matric. Hr. Sec. School**

K. Palaniyappa Memorial Educational Trust was founded in May 1973 by his son Mr.P.Arumugam and his late wife Mrs.P.Nagarathinam. Its sole objective has been to provide sound education to children of this locality.

The Trust made a humble beginning of its activities by starting KPM Primary School with I Std in June 1975 at Podanur. Now the school functioning at Eachanari(LKG — XII).

Our School was given tempary recognition by the Director of School Education, Tamilnadu during 1987. The Director later granted Permanent Recognition to the school from April 1999. The school was also made a center for Matriculation Public Examination in April 1998.

Our School is one of the fifty-eight members of the Association of Matriculation Schools, Coimbatore.

Mrs.P.Nagarathinam, the Founder Principal of school passed away on April 6th 1989. In Commemoration of her memory, Rathinam College of Arts & Science was started in the year 2000.

As an other millstone in its development. Rathinam College of Engineering was started in the year 2010. The Trust has in addition established an extensive Software Park, in the name of Rathinam Techno Park. The classes are handled by competent faculty. State-of-lab and library facilities are available. A rigorous coaching programme is in place for X and XII Standard students to boast up their marks. **SCHOLARSHIPS**

RATHINAM BUSINESS & IT PARKS

SEZ is a reserved sector or industrial zone set up by the government of India. It is designated in different places within a country with special economic regulations that are typically duty-free and have different business and commercial laws. SEZ chiefly aims to encourage direct foreign investment, create economic activity, generate employment and develop infrastructure facilities. Apart from generating employment opportunities and promoting investment, SEZs are also created to better administer the promotion of exports, thereby increasing the ease of doing business.

Rathinam SEZ sprawls over an area of about 50,000 sqft with a 3-storey building sheltering various businesses, enterprises and IT Parks. Rathinam aims to extend its territory to another 1, 50,000 sqft for future business collaborations by promoting all the requirements stated by the government of India.

Circle View, a premium venture of Rathinam, is a business centre located in the prime locale amidst the booming business vicinity. Circle View serves as an abode for any business, IT related services and incubation ideas. Adding to its enormous amenities, AIC RAISE is going to start an incubation unit in Circle View which will accelerate the business market. AIC RAISE is India's first Startup Incubation Centre focusing on the United Nation's Sustainable Development Goals established under the prestigious Atal Innovation Mission of NITI Aayog, Govt. of India. AIC RAISE aids its clients with well-designed offices, suitable workspaces and well-furnished conference lounges that befit all kinds of customers.

Circle View's infra is best suited to establish IT parks and workstations with convenient building accommodations. The world-class co-working spaces with their unique ambience attract commercial businesses, making it easy for the workforce to do their task collaboratively and independently. Circle View gives an entirely extraordinary experience to businesspersons and entrepreneurs in their business operations.
